MUZIK TIGER

ABOUT THE BRAND 'MUZIK TIGER'

"MUZIK" refers to the 'unemployed' in Korean language.
It aims for a free life doing what you want without being tied up with your job.

TIGER is the animal symbolizing guardian from old stories in Korea.

Focusing on the tiger's habit as feline species, MUZIK TIGER was completed as unique, lovely and brave character.
The representative character, DDOONG RANG' (Fat Tiger) shows how we live and what we're interested in the present.
